We connect you to the information you need to stay engaged in your care

With your patient portal, it’s easier than ever to connect to our practice and take control of your health

Here’s how to add a patient portal button directly to your device’s home screen:

**Apple® Devices**

1. Launch your Safari® browser and click on the patient portal link that we sent you.
2. Tap the Share button located in the browser’s toolbar.
   - iPhone®: Center of browser bar at bottom of screen
   - iPad®: Center of browser bar at top of screen
3. Tap the Add to Home Screen button. You’ll be prompted to name the button, we suggest “My Doctor’s Office”.
4. The button will now appear on your home screen. Place it wherever you’d like by dragging it, just like any app icon.

**Android™ Devices**

1. Launch your Chrome® browser and click on the patient portal link that we sent you.
2. From the dropdown menu located in the top right corner of the browser, choose Add to Home Screen. You’ll be prompted to name the button, we suggest “My Doctor’s Office”.
3. The button will now appear on your home screen. Place it wherever you’d like by dragging it, just like any app icon.

Or visit MyMSUHealth.hc.msu.edu

Welcome to MyMSUHealth

With MyMSUHealth you can manage your health anytime anywhere
Automated calls, emails, and even texts help keep you connected with your care. Make sure we have your up-to-date contact information—home and mobile phone numbers as well as email address.

**Appointment Reminders**

Never miss another appointment with our automated reminder messages.

**Cancellations**

We’ll keep you in-the-know if your provider ever needs to reschedule with our cancellation messages.

**Follow-Ups**

Don’t worry about forgetting to schedule follow-ups—you could get a reminder several weeks in advance.

**Missed Appointments**

Something came up? We’ll send you a message to remind you to reschedule.

---

**Patient Portal**

Your Patient Portal is a free, web-based resource that gives you secure and easy access to your MSU HealthTeam provider and healthcare information 24/7.

**View Appointments Online**

View future, past, and recommended appointments. Pre-register for your appointment and prepay copays online.

**Send a Message to Your Doctor or Nurse**

Request prescription refills no matter what time of day.

**View Your Bills Online**

Review your current account balance, online payment history, and access past statements.

**Explore and More**

Learn more about a diagnosis or health issue 24 hours a day with the Healthwise® Knowledgebase.

---

Don’t have a portal account?

Signing up is easy! Just ask the front office staff to register.

**View Personal Health Information**

24-hour access to view, download, or transmit your test results, medication lists, care summaries, and medical history.

**Tasks, Tools, and More**

Access & share your personal healthcare information. Stay up-to-date on health reminders, referrals, learning materials, and more.

**Personalize Your Profile**

View and update your contact information, preferred ways to be contacted, family access, and more.

---

We’d like to hear from you!
